*** Students must meet Murray State’s 42 credit hours of upper level classes (300 and above classes) taken at Murray State. Transferring in credits does not count towards this requirement.**

****With an approved AS or AA degree, MSU’s University Studies will have been met.**

*****Computer competency NOTE:** If course was taken more than ten years ago and did not contain content equivalent to the CIT 105, the course may be required again.

Students may begin taking teacher education courses without being admitted to Teacher Education Program. HOWEVER, students who have **not** been admitted to Teacher Education will be blocked from enrolling in specific upper level courses.

Continuous assessment procedures will be used to document and systematically monitor student progress through the education program in order to determine the degree to which students have internalized and can demonstrate proficiency with the New Teacher Standards.

Program Requirements

Faculty continuously assess candidates' progress toward demonstrating proficiency in the Kentucky Teacher Performance Standards using a checkpoint system: admission to teacher education, admission to student teaching, and program completion. The eligibility portfolio is assessed during the student teaching semester.

Teacher certification requirements are subject to change. Before registering for test(s), please refer to the Educational Testing Service (ETS) website for current requirements or contact your academic advisor.
