

SPACE QUEST 2011

Astrotot Camp

Astrotot Camp is offered to students that will be rising into **Kindergarten - 1st grades** in August 2011. Sessions include Rockin' Rockets, Cosmic Constellations and Mighty Magnets. Each session is two hours in length.

Space Discovery I

Space Discovery I is offered to students that will be rising into **2nd - 3rd grades** in August 2011. This one-day camp includes many hands-on space and science activities.

Space Discovery II

Space Discovery II is offered to students that will be rising into **3rd - 4th grades** in August 2011. This one-day camp includes many hands-on space and science activities.

Expedition: Moon

Be among the next generation of space travelers to arrive on the Moon! Campers will Return to the Moon™ as they fly a mission in our hands-on simulator. They will explore just what it takes for astronauts to survive in the Moon's desolate environment. Expedition: Moon is offered to students that will be rising into **4th - 7th grades** in August 2011. This is a 1-day camp.

CSI Camp (Challenger Special Investigator)

Become a Challenger Special Investigator. Read the ransom note and follow the fingerprints, fibers and other clues. You will use your powers of observation and conduct scientific tests to help solve the mystery of the missing Mars rocks. CSI camp is offered to students that will be rising into **5th - 8th grades** in August 2011. This is a 2-day camp.

Mission to Mars Camp

Be the first human on Mars! Campers will travel to the Red Planet during a Voyage to Mars™ mission in our hands-on simulator. After arriving on Mars, they will build a life-size colony where they will live, work and train like real planetary astronauts. Mission to Mars Camp is offered to students that will be rising into **4th - 7th grades** in August 2011. This is a 3-day camp.

Rocket Camp

Rocket Camp is offered to students that will be rising into **5th - 8th grades** in August 2011. After learning about the basics of rocketry, participants will build and launch several different types of rockets including eggstronaut rockets and model rockets. This is a 3-day camp.

Underwater Astronaut Camp **NEW!**

Learn all about how astronauts train underwater to simulate working in space! Participants will receive basic SCUBA instruction (in a swimming pool) from Mermet Springs, then participate in an underwater astronaut training program. Participants must be able to swim and medically fit to dive. This 3-day camp is for 11-14 year olds only. SCUBA gear is provided.
